

HOMO DEUS: A BRIEF HISTORY OF TOMORROW

****From the author of the global phenomenon Sapiens**** ‘Homo Deus will shock you. It will entertain you. Above all, it will make you think in ways you had not thought before.’ Daniel Kahneman, author of Thinking Fast, and Slow
Yuval Noah Harari, author of the bestselling Sapiens: A Brief History of Humankind, envisions a not-too-distant world in which we face a new set of challenges. In Homo Deus, he examines our future with his trademark blend of science, history, philosophy and every discipline in between. Homo Deus explores the projects,...

Peek Inside the Book

religion is created by humans rather than by gods, and it is defined by its social function rather than by the existence of deities. Religion is anything that confers superhuman legitimacy on human social structures. It legitimises human norms and values by arguing that they reflect superhuman laws. Religion
Yuval Noah Harari, Homo Deus: A Brief History of Tomorrow //

Reader's Opinions

The title is misleading. What this book did was to speculate about the future of horse carriages while disregarding the possibility of a car. In that respect, Harari did a pretty good job. But as far as the future goes, outside science fictions, speculating is pretty pointless. Even the best of the carriages becomes obsolete once a car...

A thought provoking book that presents the possibilities of the directions in which humanity is heading. I
