## Reader's Opinions

This gem of a book offers a wide variety of views on the changing fashion industry. I am very interested in fair trade and organic products as a way to create social and environmental justice, and this is a great resource...

I love the idea of slow fashion! This book lays out the cause and effect of the choices we make, the clothing we take advantage off, and how much we consume. It has plenty of beautiful photographs, and a lot of interesting information about sweatshop labor and sustainable fashion. I do recommend this to anyone whose closet takes up...
