Peek Inside the Book

What is clearly happening inside this glass capsule is happening less clearly at a great scale on Earth in the closing years of this millennium. The realm of the bornall that is natureand the realm of the madeall...

What color is a chameleon placed on a mirror?...The chameleon responding to its own shifting image is an apt analog of the human world of fashion. Taken as a whole,...

Reader's Opinions

what an amazing book!It's hard to read before you have finished the by Charles Robert Darwin.then it is easier to see what K.K want to tell you after you have read Peter FDrucker's books!according of my written english ,the only i may promise : it is worthy to read as a businessman!by the way ,the details is easy to see if...

Out of Control is one of the most different and interesting books I have read to date. Kelly beautifully describes the complex and simple structures we find throughout the networks in life. He describes things like hive behavior that make you rethink a beehive as rather than a bunch of dumb drones instead as a single super intelligent...
