

MINDHUNTER

Mindhunter enters the minds of some of the country's most notorious serial killers to tell the real-life story of the Investigative Support Unit (ISU) -- the FBI's special force that has assisted state and local police in cracking some of the country's most celebrated serial murder and rape cases. The unit specializes in understanding the chemistry and mechanical workings of the brain's of...

Peek Inside the Book

showed him some of the gruesome crime-scene photos we worked with every day. I let him experience recordings made by killers while they were torturing their victims. I made him listen to...

[Talking about Monte Rissell] ...and like Ed Kemper he was able to convince the psychiatrist he was making excellent progress while he was actually killing human beings. This is kind of a sick version of the old joke about how many psychiatrists it takes to change a light bulb. The answer being, just one, but only if the light bulb wants to change. John E....

Reader's Opinions

In a recent interview at a Prosecutor's office I was asked what the most recent 'good' book I read was. I said that I was in the middle of this one - and it is fascinating. It is like reading a modern Sherlock Holmes fiction. This is a biography about an...

A masterpiece that all libertarians should read. This book shows the legitimate side of government, the benevolence it provides, while it makes the strongest case possible against prohibitionism. It reveals the origins...
